

The Florida Whips
Board Meeting October 17, 2010

Mary DeGreef, President called a meeting of the Board following the general membership meeting. The first order of business was a discussion of the membership cards. It was decided that we will have generic membership cards printed which will allow the name of the member to be written in and These cards will be signed and dated by a Board member. Dede Conner and Connie Thoreson will work together to find someone to print the cards.

Dona Love and Mary DeGreef then led a discussion of the pros and cons of the Carriage Affaire:

1. We need a schedule of the instructors and clients available at the registration desk.
2. We need our PA system and an announcer (with a technology coordinator) announcing what is going on at every moment throughout the day.
3. We need committees for various areas to break up the work load as follows:
 - A. advertising and venders
 - B. clinicians with microphones and cell phones.
 - C. Hospitality (food & drink)
 - D. Silent Auction

We need to simplify with only 2 events going on at once (horses in one place) (lectures in a second place)

We need a liaison with the facility by contract who will “ open doors” and keep things running smoothly.

We need to do the workshop every other year with the next one at Black Prong. It was agreed to try to get this for next year on the fourth weekend of October. The workshop needs to be two days instead of three. We are looking for a coordinator.

Meeting adjourned at 10:15 AM sine dei.

Submitted,

Helen Tolmach Sec.
